WHAT'S NEWS IN THE MARKETS?

(USDA Food Bulletin for the Week Ended April 13, 1951)

SAN FRANCISCO, April 10---Avocados, Arizona grapefruit and Winter Nelis pears are the week's Best Buys in fruit.

Good Buys are Newtown Pippin apples from Santa Cruz county and Winesap apples from Washington, along with medium size Navel oranges, bananas and dates.

Cauliflower, peas, lettuce and celery top this week's list of Best Buys from the vegetable bin.

Fair Buys include soft squash and tomatoes.

MEAT --

Meat prices have been on a downward trend in the San Francisco wholesale market the past week, despite a slightly better demand for available supplies. In the beef division, there was less steer beef in the market but more Utility and Commercial grades of grass-fed cow carcasses. Beef prices held practically unchanged, while veal and calf ranged from \$2.00 to \$4.00 lower per hundredweight. About half of the lamb supply the past week has consisted of old-crop lambs, which have sold around \$2.00 per hundredweight below the previous week. In the pork division, there was a good supply of mid-western pork cuts, with loins and fresh hams down \$1.00 to \$2.00 per hundredweight. Lard also has dropped \$1.00 per hundredweight.

MORE

BUTTER --

Seasonal expansion of butter production has been reflected in larger supplies moving to market. In mid-western and eastern markets, prices have been fluctuating and irregular, but on the west coast there has been no change. While this situation makes the San Francisco market attractive to mid-western shippers, demand from the west coast has been limited. Prices are unchanged from a week ago, with Grades A&AA (1st Quality) quoted to retailers at $74\frac{1}{2}$ to $75\frac{1}{2}$ cents per pound in cartons of 1/4-lb. prints, and Grade B(2nd Quality) at 70 to $71\frac{1}{2}$ cents.

EGGS --

Although egg production continues to increase, it is still considerably below a year ago. However, with eggs selling 15 to 16 cents per dozen higher than a year ago, demand also is lagging behind last year. Grade "A" Small eggs have dropped 1-cent since a week ago to a quotation to retailers of 47 to 48 cents per dozen in cartons. Grade "A" Large are unchanged at 57 to 58 cents per dozen, as are Grade "A" Mediums at 55 to 56 cents.

POULTRY --

As supplies of young chickens have continued to increase in the San Francisco wholesale market, prices have continued their downward trend on these classes. Broilers, all weights of fryers, and roasters are down 2 cents below last week on dressed weights. Light-type hens weighing over 4 pounds and heavy hens have been in good demand at prices 1 to 2 cents per pound higher than last week. Squabs are in little demand at 5-cent lower prices. All other classes are unchanged.

BUTTER --

There's very little change in the San Francisco wholesale butter market from a week ago. Supplies are sufficient for demand and there has been no change in prices. Western butter production for the week ended April 12 scored a 7-percent gain over the previous week, but was still 23 percent below the same week last year. Quotations to retailers are: Grades A&AA (1st Quality), $74\frac{1}{2}$ to $75\frac{1}{2}$ cents per pound in cartons of 1/4-lb. prints; Grade B (2nd Quality), 70 to $71\frac{1}{2}$ cents.

EGGS --

Influenced by higher prices in central western markets and a strong local demand, egg prices have advanced 1 to 2 cents from a week ago. Grade "A" Large are up 2 cents at a quotation to retailers of 59 to 60 cents per dozen in cartons, and Grade "A" Mediums are up 1-cent at a quotation of 56 to 57 cents. Grade "A" Smalls are unchanged at 47 to 48 cents per dozen in cartons.

POULTRY --

Supplies of young chickens are ample for their good demand in the San Francisco wholesale poultry market. Supplies of hens are ranging from adequate to short of full needs for their active demand. Prices are up 1 to 2 cents above a week ago on most classes. Broilers and heavy hens have gained 1-cent per pound on dressed weights, while fryers, roasters, light-type hens and young tom turkeys are all up 2 cents.
